Death to the Party.

The New York Tribune gives it as its opinion that the indications of a serious break up in the old party lines schemes become law, are growing Republican journals in all sections

are warning the party leaders that they high water mark, and you may look are in the most serious crisis since the rebellion, and that if the Republican Congress and a Republican President takes the said of inflation the party doom will be seal d. There is something on the same line

from the New Haven Journal and Cou-This rier. That paper says : We trust that the Republican party will not be found wanting in this criprospect of a bountiful crop. But sis. It cannot afford to weaken itself of its old friends have deserted it a ises until it has passed through its bloom. faithless to its principles in this try-ing time. Let the party do so if it

The most remarkable utterances in this way are from Harper's Weekly, which undertakes to forecast the fu ture of the Republican party. Referring to Senator Morton's position on the financial question, it predicts the destruction of the party:

This was the faith of the nation

This was the solemn pledge of the Reportion of the audience. Mej. B. is publican party. It was bound by its words to make prompt provision for rency. Under the lead of Mr. Morton in the Senate it has deliberately, in the words of his fellow-leader, Mr Conkling, refused to do so. The party has by this vote passed a bill which "departs from the principles of honesty and solvency." We believe that Mr. Conkling speaks for the great mass of those who have nitherto sun ported the Republican party, and that Mr. Morton's policy, if it prevails, will
